

PRELIMINARY GRADE REPORT

Please Print

Name: _____
Last First SS Number

TO FACULTY:

First year students in the School of Architecture must apply for admission to the upper years (Professional Phase). When students complete required courses at other institutions, it is necessary that the School receive confirmation of completion of these courses at the earliest possible date. The regular grade reporting system does not provide grades early enough to expedite this process. Submittal of this form allows the School to complete this process in a timely manner. This is an unofficial grade report, which will be verified. Thank you for your assistance.

This form may be mailed directly to the School to the address below or may be returned to the student. This form is due in the School of Architecture office by Tuesday July 21, 2006 at 5:00 p.m.

TO STUDENTS:

Please fill out all portions of this form except Grade and Instructor's Signature and submit it to the course instructor. The teacher may send it directly to the School or may return it to you. If it is returned to you, please send or deliver it to the School immediately. It is suggested that you give the instructor a stamped envelope addressed to the School. It is also recommended that you discuss the urgency of completing and forwarding this form with the teacher.

Course Number and Title: _____

School where completed: _____

Grade: _____ Instructor's Signature: _____
Instructor's email address: _____

Date: _____
